Making history – 20 years of the F-16 at Kunsan

On Sept. 14, 1981, the 8th Tactical Fighter Wing's first operational F-16s arrived at Kunsan. The Wolf Pack became the first Air Force unit based outside the continental United States to operate the F-16. The new aircraft arrived amid much fanfare including the Pacific Air Forces Band. The 35th Tactical Fighter Squadron flew the wing's first operation sortie in the F-16A Sept. 17. The 80th FS received its first F-16s in October. By the end of the year, the wing had its full complement of aircraft. The last of the F-4D Phantoms departed Kunsan July 19, 1982, ending a 16-year relationship dating back to the Vietnam War.
